Pangaea Easy Reports

Not only are these new reporting modules easy to use, they are very reliable and valuable.

Pangaea Easy Reports are preformatted so they are very simple to use. All that is required is for you to enter date ranges and the reports will be self generating.

Module 1 was specifically developed for Freight Forwarders to further reduce the cost of freight. For example, Pangaea Easy Reports permits identification of consolidation opportunities, negotiating better rates from carriers and evaluating the performance of their agents and customs brokers. The reports include:
